Amendment to AOC Re Payment of Costs for US Geological Survey .pdf

Andy – the internal Atlantic Richfield approvals are in place for signature of the AOC Amendment to authorize payment of the USGS costs. The AOC Amendment as prepare by Henry had a signature block for Roy Thun. Roy does not have the authority to sign, so I have changed the signature block for Ron Halsey, who is a VP, to sign the AOC Amendment; in all other respects the attached is verbatim what you / Henry circulated as ‘final.’

All would be good except Mr. Halsey is out of the country and will not return until August 8th. I’ve asked AR to find an authorized signator in Mr. Halsey’s absence using the attached form.
